

— “Hard work should be rewarded by good food.” Ken Follet

LAVENDER CATERING®
THE EVENT AND OUTSIDE CATERING PROFESSIONALS

Providing 'No Food Handling' Catering for film and television Productions

Getting back on location and getting it all rolling again involves a vast team of cast and crew ... and that team needs good food.

Coronavirus has made this challenging but we have a plan...

At Lavender Catering we have produced a specialist range of food boxes to ensure everybody on site stays well fed, whilst still observing the government's covid guidelines.

Our boxes are filled with scrummy delicious, freshly made meals to ensure a happy fulfilled location team. And we provide vegetarian and vegan options and substitutes for each menu.

Made with the very best locally sourced ingredients, your food arrives sealed in chilled recyclable boxes with eco friendly disposable cutlery and napkin.

As well as being covid friendly our food boxes are environmentally friendly and our food is most definitely hungry crew friendly

Here's how it works

Your Crew Manager will choose the daily meals from our Location Menu
All you need to do is

- ▶ Have a look at our Location Menu Below
- ▶ Tell us if you are Vegetarian or Vegan
- ▶ Tell us about your food allergies, or if there is anything on the menu you're intolerant to or you just don't like
- ▶ Give all your info back to your Crew Manager

It's that simple
and then we will do the rest

Just to help you, the allergens that may be present in the menu are Dairy, Gluten, Milk, Mustard, Eggs, Nuts, Sesame Seeds.

If any of these must not be in your Meal, we will ensure that the correct substitutes are made.

Location Menu
